~ Include aid awarded to international students (i.e., those not qualifying for federal aid).
~ Aid that is non-need-based but that was used to meet need should be reported in the need-based aid column.
~ For a suggested order of precedence in assigning categories of aid to cover need, see the entry for “non-need-based scholarship or grant aid” on the last page of the definitions section.

Do NOT include any aid related to the CARES Act or unique to the COVID-19 pandemic.

- 2023 undergraduate class = all students who started at your institution as first-time students and received a bachelor’s degree between July 1, 2022 and June 30, 2023.
- Only loans made to students who borrowed while enrolled at your institution.
- Co-signed loans.

**EXCLUDE:**
- Students who transferred in.
- Money borrowed at other institutions.

**H5. Number/Percent Borrowers and Average Borrowed Amount**
Provide the number and percent of students in class (defined in H4 above) borrowing from federal, non-federal, and any loan sources, and the average (or mean) amount borrowed in the table below.

The "average per-undergraduate-borrower cumulative principal borrowed" is designed to provide better information about student borrowing from federal and nonfederal (institutional, state, commercial) sources.

The numbers, percentages, and averages for each row should be based only on the loan source specific for the particular row. For example, the federal loans average (Row B) should only be the cumulative average of federal loans and the private loans average (Row E) should only the cumulative average of private loans.
